

FOOD & BEVERAGE

- Clarification to ensure a bright product
- Particulate and haze removal from spirits
- Colour removal from white spirits
- Cold stabilisation/Sterile filtration of Beers, Wines & Water
- Bottle washing & rinsing before packaging

STERILE GAS FILTRATION

- Sterile gas filtration
 - Fermenters, Bioreactors, Nitrogen
- Tank venting
- Steam filtration
- Gas (N₂, CO₂, etc) & tank vent filtration
- Steam filtration for culinary use

PROCESS WATER

- DI water
- RO Prefiltration
- UV prefiltration
- Resin traps
- Sterile water production
- Point of use filtration
- Cryptosporidium removal
- Cyst removal

DIGITAL INK

- Bulk ink manufacture
- Packaging of produced ink
- Filtration solutions for all ink chemistries (pigmented, solvent, dye or UV curable)
- Gel removal

HEALTHCARE

- Ophthalmic solutions pre & final filtration
- Clarification of creams & ointments
- Sterile water filtration for washing & leaning of vials or ampoules
- Final product filtration prior to packaging
- Sterile product water
- Personal hygiene products

INDUSTRIAL

- Fluids used in parts washing
- Machine coolant filtration
- Particulate removal
- Metal swarf removal
- Nozzle protection

BUILDING SERVICES

- Sidestream filtration solutions
 - Skid mounted
 - Free standing
- LTHW & MTHW systems
- CHW circuit

CHEMICALS & SOLVENTS

- Solvent filtration
- API filtration
- Aggressive chemicals
 - Acid & Alkalis
- Oils
- Amine streams
- Resin & pigment filtration
